Active fire behavior has been observed with running and spotting on both sides of NM 4.

The city of Los Alamos is under MANDATORY evacuation as of 1:45 pm. White Rock remains under VOLUNTARY evacuation. Cochiti Mesa, Las Conchas, Bandelier National Monument, and campgrounds near the fire were evacuated yesterday. There were approximately 100 residents evacuated from Cochiti Mesa and Las Conchas, and no evacuees reported to the evacuation center at La Cueva Fire Station.

The Los Alamos National Laboratory will be closed due to the fire. All laboratory facilities will be closed for all activities, and nonessential employees are directed to remain off site.

OSC Fife and a team of START contractors are en route to coordinate with State and Federal partners. RERT-West will mobilize to Santa Fe tomorrow.

For additional information, visit the **Pollution/Situation Report** ([Pol/SitReps](#)) and the [Bulletins](#) sections.
